

## Paige McRae

Paige is a Dance Spectrum company graduate from the class of 2013. She is currently attending the University of Alabama where she studies exercise science and dance. Paige is also on track to graduate in December of 2018 with her Masters of Business Administration. As former captain of the Alabama Dance Team, Paige has enjoyed her days dancing on UA's football field and basketball court. Having fulfilled her role on the team for the past four years, Paige will now be a strength and conditioning coach for Alabama's nationally recognized cheer, softball, and golf teams. While also on

campus, Paige serves as a College of Education Ambassador, Resident Advisor, and of course an avid fan of the Crimson Tide. This summer she spent her time traveling Europe, participating in the Rockettes Summer Intensive as well as taking class at Broadway Dance Center in NYC. After earning her MBA, Paige hopes to dance professionally before pursuing a career in healthcare.

Congratulations on all of your accomplishments Paige!
