Dance provides an important opportunity for children to express ideas, thoughts, and feelings. It is a natural way for kids to learn and provides a structured, fun environment to build confidence, develop discipline and social skills, and encourage creativity.

The Dance Spectrum Recreational Program is designed for dancers ages 8 and up. Classes are broken down into three sub-categories: Youngs, Juniors, and Seniors.

A variety of 45-minute classes are offered for each age group, over our 32-week season. All classes of the Recreational Program are open to boys and girls. Our Recreational Program includes boys-only and adult-only classes.

Come join the DS family – we have experienced adult instructors who are incredible role models for your children.

*All Dancers who wish to Perform in the recital MUST take at least one weekly non-performing Ballet technique class.
