Dance provides an important opportunity for children to express ideas, thoughts, and feelings. It is a natural way for kids to learn and provides a structured, fun environment to build confidence, develop discipline and social skills, and encourage creativity.

The Dance Spectrum Children's Program is designed for our youngest dancers, between the ages of 3 and 8. A variety of 45-minute classes are offered for each age group, over our 32-week season.

Our Preschool Program offers introductory classes while using engaging music and creative movements to develop balance, rhythm, and coordination. Our Step Up and Mini Programs build on the dancers' basic foundations while allowing them to explore additional areas of dance.

Come join the DS family – we have experienced adult instructors who are incredible role models for your children.

Preschool 1 - Boys & Girls Ages 3 & 4

A combination of creative movement & beginning pre-ballet skills are introduced. This 45-minute class is geared toward improving basic motor skills, agility & rhythm. Dancers will perform a Ballet dance in the Children's Program Showcase.

Preschool 2 - Boys and Girls Age 5

Continuing from Preschool 1, this 45-minute class will combine both pre-ballet & beginning Tap for pre-school age dancers. This class is geared toward improving basic motor skills, agility and rhythm. Dancers will perform a Tap dance in the Children's Program Showcase.

Acro

Acrobatics uses strength & flexibility to perform gymnastic-based tricks. In this class, students perform conditioning exercises to prepare them for increased difficulty.

Tap

Tap teaches dancers to understand rhythm & timing while working to improve their footwork and agility.

Jazz

Jazz is energetic, upbeat and fun with consisting of unique moves, fancy footwork, big leaps, and quick turns.

Hip Hop

Hip Hop is a dance style, usually danced to hip hop music, and includes a wide range of styles like breaking, locking, and popping.

Lyrical

Lyrical is a combination of both jazz and ballet styles with high concentration on technique. It focuses on fluid and expressive movements, oftentimes with an emphasis on emotion.

Ballet

The main goal of Ballet is to learn and improve upon one's technique, which will be used as a foundation in every subject of dance. In ballet, dancers learn to execute classical movements with grace.
